ML 30 (ALKASOLVE) MULTI – PURPOSE WATER – BASED ALKALINE – SOLVENT CLEANER

DESCRIPTION

ML 30 . is a blend of alkalis, conditioners , wetting and penetrating agents formulated and designed as a multi-purpose marine cleaning concentrate .

USE

The unique formulation of ML 30 . enables this product to remove a wide variety of soils. Provides excellent tolerance in hard water and salt water, has no flash point and is safe on most surface. It has good rinsability in all water conditions and is designed to provide controlled foaming when used in spray wash applications.

Since ML 30 . is a concentrate , it can be diluted water for economical, efficient cleaning in many application .

ML 30 . can be sprayed, mopped , brushed on or used through steam cleaning equipment.

DIRECTIONS

TANK CLEANING

For cleaning vegetable oil and light petroleum soils, ML 30 . should be metered into the Butterworth system at a rate of 1 liter (1 U.S. quart) per minute at a temperature of 82 C. (180 F)

If hand cleaning is desirable, spray ML 30 . on area full strength followed by a high pressure rinse.

GENERAL CLEANING

For removing soils, light oil or greases from painted areas, dilute ML 30 . with water, 1 part product up to 8 parts water, depending on severity of soil.

PRECAUTIONS

As in working with any concentrated alkaline cleaners, precaution should be exercised to avoid prolonged contact with skin. If contact is made with eyes.

Flush with plenty of water and consult physician . See additional precautions on drum label.

SPECIFICATIIONS

Form : A clear blue liquid .

Composition : A blend of alkalis, water conditioners , solvents, and emulsifiers .

Flash p0int : None C.O.C.

Stability : Stable after repeated freeze-thaw cycle.

PH (1% solution) : 10-11
